- 1- "Pass through" mechanism changed in new rate structure. Customer only billed for gallon of water that pass through their meter & only at rate w/ rate charges CWS.
- 2- Should not pay for water used for waste water treatment plant
- 3- I have NO control over water lost between Master meter & my meter & should not have to pay variable costs CWS could control better & I have no control over.
- 4- Distribution only customers should not have the same costs go into BFC & CC as Non-distribution only customers.
- 5- CWS charges very high rates but does not provide us with fire hydrants and will not allow the use of fire hydrants on their lines in case of a fire.
